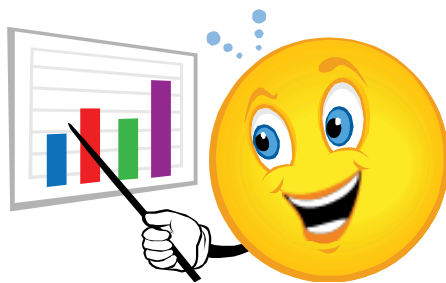

CHARTGIZMO

What ChartGizmo is All About

ChartGizmo allows anyone with Internet access to create a free account in order to make charts and graphs. ChartGizmo is very easy to use! The site takes a user through a step by step process in order to make the desired chart or graph.

ChartGizmo provides:

- Pie Chart
- Bar Graph
- Line Graph
- Ring Chart
- Cartesian Graph
- 3-D charts/graphs
- TimeSeries
- Various background colors
- Various sizes of charts and graphs

Unique Features

- ♦ **Capturing feature** - turning information into a chart table from the website to make a graph
- ♦ **Dynamic feature** - creating own numbers, data, and charts
- ♦ **History** - allows user to keep charts/graphs created
