

SAUROPOL
Second Triumvirate lesson plan
3rd-5th grade

Objectives	<p>The objectives of this assignment are:</p> <ol style="list-style-type: none">1. For students to share and post information on things that they already know about the Roman Empire.2. For students to learn from one another by participating in discussions of what they learned from their peers.3. To gain an overall better understanding of how to create a website while learning about history.
Standards	<p>Students will need to understand the results of the roman triumvirate and how it affected history throughout the time of the Romans.</p>
Materials	<p>All students will need the following:</p> <ol style="list-style-type: none">1. History book2. Personal computer or Mac3. Access to the internet
Procedures	<ol style="list-style-type: none">1. Have in class tutorial on how to use WIKI site and Sauropol2. Then students will have in class lab time to prepare for their discussions by outlining information in books and researching on the web.3. Students will then answer study questions on the websites they have created to discuss their learned knowledge with their peers.
Evaluation	<p>All students will be tested and evaluated on what they learned via online discussion with me at set time periods over throughout the week.</p>
