

## Elementary Lesson Plan

In this lesson plan, students will use Task FM to learn the geographical position of Siberia (Russia). Students use Task FM to remind about key points of the report on Siberia.

Objective	<ul style="list-style-type: none"><li>• Introduce students to Russian Geographical position, particularly Siberia</li><li>• Allow students to learn about Siberian regions, climate, relief, flora and fauna.</li><li>• Prepare for the brief report on the topic, using Task.fm</li></ul>
Learning Environment	The students will work in pairs. They will use a mobile phone or a computer to utilize Task.fm in order to create a reminder list for the report.
Types of Students	The students will be in elementary school, and specifically grades 4-5.
Standards	Facilitate and Inspire Student Learning and Creativity
Materials	Lab or personal computer with Internet access, mobile-phone and Task fm.
Procedures	<ol style="list-style-type: none"><li>1. Map. Location of Siberia</li><li>2. Climate, relief, flora and fauna of Siberia.</li><li>3. The teacher gives task to prepare reports in pairs on different topics (climate, relief, flora and fauna).</li><li>4. Students will use Taskfm to create a reminder for their report.</li><li>5. Students will have time to do report on the topic on the computers or mobile phone.</li><li>6. Finally the students present their reports orally.</li></ol>
Application	After learning how to use Taskfm the students will use the program to create a reminder list for the items they need to accomplish while creating their reports or presentation.
Evaluation	Quality of report = 50 points Visual aid = 20 points Order of narration using Task.fm = 30 points  Total = 100 points
