

Vocabulary Lesson Plan	
Objective	The students will learn how to navigate through the Webs.com website with the help of an instructor. Then the students will go through the website and use the link to each week's vocabulary lesson to discover their new words. After viewing each new word and its definition, description, and examples, the student will use three of the ten new words to write a complete sentence for each on the blog portion of the Webs.com website.
Learning Environment	This lesson will take place in a quiet computer lab. There will be an instructor present so they can show the student how to navigate the website and answer any questions the students may have.
Types of Students	The students will be in the fourth grade. Their ages will range from 8 to 9 years old. They are from a middle class suburban socioeconomic status. The students are a mix of females and males.
Standards	The standards addressed are: <ul style="list-style-type: none"> • 4.1.2 Vocabulary & Concept Development • 4.1.5 Thesaurus Use • 4.6.2. Sentence Structure • 4.6.2 Spelling
Materials	Computer Lab Webs.com website Possibly a projector and projection screen connected to the instructor's computer so that the instructor may show the students how to navigate through the site and get to the desired destination.
Procedures	<ol style="list-style-type: none"> 1. Create a Webs.com website that has links to the each week's vocabulary lesson, containing ten new vocabulary words. This site will also need an open blog where students can contribute their sentences. 2. Show the students how to navigate through the site and get to this week's lesson. Answer any questions that students may have. 3. Allow students to go through each of the vocabulary words in this lesson. They will discover the definition of each word, a descriptive sentence using the word, and examples of where you may encounter the word. 4. Let the students go onto the blog and write three sentences using one of the new ten words in each sentence. They may also use a thesaurus to find synonyms for this word to use as description in the sentences. 5. Evaluate the sentences presented by each student.
Application	Using Webs.com the students will discover new vocabulary and be able to use their new knowledge in an online blog.
Evaluation	The instructor will read each of the student's sentences. The student will be evaluated on: <ul style="list-style-type: none"> • Creating a sentence and posting it on the blog (1 point for each) • Use of a new vocabulary word in the sentence (1 point for each) • Proper description in the sentence for the vocabulary word used (2 points each) 12 points total
