

Church Pen Pals

Overview	This lesson will show church men/women how to stay in contact and be able to chat from across the world. After doing this they should know and understand how to stay in contact with their missionary people.
Objective	The learners will learn how to work and use 6rounds. After they have got it figured out how to use it they will get a partner and have a chat with each other on 6rounds.
Learning Environment	The church group can either be by themselves or with a group depends on how many want to learn it. They will need a computer with a webcam on it.
Types of Students	The learners will be people who are in the missionary aspect of church that are curious to find another way in staying in touch with one another.
Materials	Computer, Webcam, Internet Connection
Procedure	<ul style="list-style-type: none"> • The people will set up a 6rounds account. • The church group will then be taught how to use 6rounds. • Once they understand how it works they will can use 6rounds application to communicate with the missionaries and
Application	After the lesson the learners will understand how 6rounds is used and also how it works.
Evaluation	Evaluation for this project will be how well they understand 6rounds. Do they know how it works and operates, and can they successfully have a chat with a person.
