

## International Power Point Project

<b>Students</b>	Each student will be in post secondary education.
<b>Overview</b>	After this lesson, each student will be able to use 6rounds as a way to successfully complete projects with international partners.
<b>Objective</b>	To teach students how to work on projects with international partners
<b>Materials</b>	A computer with access to the internet, a web cam, and a microphone.
<b>Procedure</b>	<ul style="list-style-type: none"><li>• Get into groups of five or six</li><li>• Meet the international partners. (Each group will have 2 or 3 international partners)</li><li>• Discuss traditions and cultures of each other's countries.</li><li>• Record the information found onto a PowerPoint, or some other display form.</li></ul>
<b>Evaluation</b>	The project will be turned in to the teacher on the due date and, using the provided rubric given to the students at the start of the project, will be graded.
