| **STANDARDS** | STEM Principles: Mathematics  
ISTE/NETS Standards: Technology Operations and Concepts |
| **MATERIALS** | A computer lab with Internet access, a sheet of practice problems and answers, a projector screen and a projector. |
| **PROCEEDURE** | 1) Take the students to a computer lab with Internet access.  
2) Have students log into their student account and open Internet Explorer.  
3) Show the students how to log into the demo version of Notely.net.  
4) Show the students the “Quizzes” section of the Notely toolbar.  
5) Show the students the “Add Quiz” button on the quizzes toolbar.  
6) Have the students title the section “Math Quiz”  
7) Give the students a sheet of practice math problems with answers and show them how to add the problems to the quiz by using the “Add Q&A” button. |
| | a) Problems to add  
   i.) 7 x 2=14  
   ii.) 7 x 3=21  
   iii.) 7 x 4=28  
   iv.) 7 x 5=35  
   v.) 7 x 6=42  
   vi.) 7 x 7=49  
   vii.) 7 x 8=56  
   viii.) 7 x 9=63  
   ix.) 7x10=70  
   x.) 7x11=77  
   xi.) 7x12=84  
   xii.) 8 x 2=16 |
8) Show the students how to practice the quiz by using the “Familiarize” and “Learn” buttons.
   a) Show them how to find the answer if they get stuck by using the “Reveal Answer” button
   b) Show them how to answer questions during the practice test.
9) Show the students how to take a practice quiz by using the “Take Quiz” button.
10) Show the students how to keep track of their progress by using the “Results” button.
11) Have the students do a minimum of 3 practice tests in preparation for the test.

APPLICATION
Give students a test on the material they have been quizzed over.

EVALUATION
Student grades will be based on the following:

Test: 25 Points
Number of practice quizzes: 5 Points

Total: 30 Points
