

# Lesson Plan: Technology in Another Country

## Global Technology 101

<b>Overview</b>	Students will have a partner from a European country to converse about how each location views technology.
<b>Objectives</b>	Students will learn how a different country views their technology differently than ours. They will then be able to write a 3 page paper about the how each country views it differently or in the same ways.
<b>Materials</b>	European students and computers
<b>Procedure</b>	<ol style="list-style-type: none"><li>1) Introduce students to the paper<ol style="list-style-type: none"><li>a) Talk about requirements and guidelines</li><li>b) Tell the students to discuss how are country views technology and how other countries might view it differently</li><li>c) Explain to them that they will be getting a buddy from overseas to discuss their country's views on technology<ol style="list-style-type: none"><li>i) Also explain they will be doing this over vawkr</li></ol></li></ol></li><li>2) Give students their European student<ol style="list-style-type: none"><li>a) Tell them their assignment for the night is to talk to introduce themselves to their buddy over vawkr<ol style="list-style-type: none"><li>i) If student does not have a webcam explain to them that they can use the text chat feature</li></ol></li><li>b) Explain that the students will have to talk to their buddy five times over a two week period (not including introduction).</li></ol></li><li>3) Tell students they have to take a picture of them talking to their buddy to prove that they have talked to them the required amount<ol style="list-style-type: none"><li>i) Say without proof it is an automatic zero</li></ol></li><li>4) Tell students due date<ol style="list-style-type: none"><li>a) No accepting late papers</li></ol></li></ol>
<b>Evaluation</b>	Three page paper, 12 pt. Times New Roman font, 1 inch margins, worth 100 points ____(20): Introduction-Talk about the views of technology in our country ____(20): Discuss how you think other countries views of technology are ____(20): Discuss what you learned from your European partner ____(20): Discuss how what you learned made you view technology the same or differently ____(20): Conclusion
