

Battles of WWII

Grade- 10th grade American History

Topic- WWII

Objective

- Students are going to research and become knowledgeable about important battles that took place during World War II. The goal is for students to gain knowledge and understanding about these battles and be able to share and upload documents using the web tool program Kontainer.

Standards

- Each student is going to be required to make a post under each battle present on Kontainer.
- The post will be required to be made on time and complete.

Materials

- Kontainer (with account)
- Internet-needed for Kontainer and research
- Books for reference on WWII battles

Procedure

- Inform the students of the five specific battles that will be used for class discussion on Kontainer
- Students will conduct research online and by other sources about the battles. They will be looking for key information, any pictures that can be used to describe the particular battle and some interesting facts about each battle.
- Students will be required to develop documents, PowerPoint's, or small brochures describing each one of the battles and upload them to Kontainer to share with everyone in the class
- Everyone will have one document, Power Point, or small brochure uploaded on Kontainer for each of the five battles

Evaluation

- Students will be evaluated based on the creativity and uniqueness to the uploaded file.
 - Interesting facts and information will be rewarded more points, the total project is worth 150 points.
 - Creativity and organization will be important factors
-
