# Interacting about Football

Lesson Plan for High School Students Learning to use Shareflow with the Topic of Football

| Objectives | • The students will have an increased knowledge of the application, Shareflow.  
• The students will know how to have a discussion on Shareflow. |
| --- | --- |
| Materials | • Computer  
• Shareflow account  
**Alternative:**  
Class debate as one big group in class. |
| Procedures | • Log in to student’s Shareflow  
• Click on the debate section of the Shareflow account.  
  ▪ Make sure to click on the correct debate topic.  
• Read the paragraph review over the weekend’s football games, and debate on the opinions given.  
• Must reply to the discussion at least once every two minutes.  
• Every 15 minutes (or if the topic starts to run out steam) the topic will change (changed by the instructor) to a different game.  
• Discussions should be about how the teams played, the team’s chances of making the playoffs, injuries, and player performances. |
| Activities | • Each student will have to participate in the debate, on Shareflow.  
• The debate should take up the entire class period. |
| Assessment | • Evaluation of the debate will be based on how often each student replies, and contribution to the discussion.  
• Each student should post at least once every two minutes. |
<p>| <strong>Indiana State</strong> | • Listening and Speaking 9.7 |</p>
