

World Scavenger Hunt

High School

Overview:

Students will learn basic information about different countries.

Objective:

Students will be able to identify a country based on a song and learn new things about that county through the use of search engines

Materials:

- computers for everyone in the class
- pen and paper to take notes

Procedure:

- 1.) The class before the lesson tell the students to set up a blip.fm account 
- 2.) On the class day have students log on to blip.fm and listen to the first song in the ALL DJ feed
- 3.) The must first try to identify the country of origin of the song just by listening to it.
- 4.) If it is not easy to identify students can then look up the song on a well-known search engine to find out the country of origin of the song and the group members
- 5.) Have students look up various information such as food, culture, and religion of the country
- 6.) After students are done taking notes over their own country they will present to the entire class

Evaluation:

A quiz will be presented the next class meeting over each country that was presented
