

# Video Of Seasons

Key Focus: Science

Grade Level: 1<sup>st</sup>- 3<sup>rd</sup>

Overview	The students will learn the four seasons, how to compare and contrast the difference between the four seasons. They will also learn how to use Flypaper and create a video to enhance their understanding of the seasons.
Objectives	After reading about the different seasons, students will be able to brainstorm and identify characteristics of the seasons and create their own books based on these ideas that they developed. Then they will be able to create a video on flypaper.com.
Standards	The Nature of Science and Technology  1.1 Students are actively engaged in exploring how the world works. They explore, observe, count, collect, measure, compare, and ask questions. They discuss observations and use tools to seek answers and solve problems. They share their findings
Materials	<ul style="list-style-type: none"> <li>• A seasons book</li> <li>• Computer and internet access</li> </ul>
Procedure	<ol style="list-style-type: none"> <li>1. Tell the students they will be making a season's video using flypaper.com.</li> <li>2.
