

Planet Flyers using Microsoft Publisher

Grade Level: 5

| | |
|-------------------|--|
| Overview | The purpose of this lesson is to teach the value of technology, specifically Microsoft Publisher. While reviewing knowledge about the planets within the solar system, the students will be learning how to put together a flyer using Microsoft Publisher. |
| Objective | Given research data on a planet and Microsoft Publisher, the students will make a flyer of their research on a given planet, correctly fulfilling the requirements with 100% accuracy. |
| Standard | Science 5.3.7 Describe that, like all planets and stars, the Earth is approximately spherical in shape. |
| Materials | The students will need a computer with Microsoft Publisher, their science book, and the paper of procedures. |
| Procedure | <p>Give each student a paper with the following instructions:</p> <ol style="list-style-type: none"> 1. Using your science book, research facts about a planet within our solar system. You must find at least five facts. 2. Using the link below, create a flyer that advertises your planet as the best planet in our solar system. Remember to include your five facts, your name, and a picture. Link:http://www.screenoaster.com/watch/stUEpSRERPRFtYQF9aXVIRXIVV/how_to_start_using_microsoft_publisher |
| Evaluation | <p>The students should be able to find the facts within their science book. They should also be able to put together their flyer after watching the video. They should complete the procedures with 100% accuracy.</p> <p>They will be graded on the following: Correct facts:10 points All Components of Flyer Present:10 points.</p> |
