

Breeds of Swine

Introductory Animal Science

Overview	Students will learn the breeds of the swine industry.
Objective	At the conclusion of the lesson the students will be able to identify the breeds of swine and understand facts and information about each breed and utilize a Web 2.0 application.
Materials	<ul style="list-style-type: none">• Pencil or pen• Paper/something to write on• Willingness to learn• Computers• Textbook• Twitter account• TwitDoc account
Procedure	<ol style="list-style-type: none">1. Introduce the topic2. Give a brief overview of the swine industry; where it is and where it is going.3. Briefly describe the breeds of swine on a powerpoint presentation.<ul style="list-style-type: none">BerkshireChester WhiteDurocHampshireHerefordLandracePietrainPoland ChinaSpottedTamworthYorkshire4. Evaluation Activity
Evaluation	The next class period students will complete a group powerpoint project that they will <i>further</i> teach the class about their specific breed. Students will have that class period to complete the powerpoint projects and will post them on TwitDoc and the classmates will have the opportunity to comment on the presentation. All together a three day lesson.
