

# Lesson on the Israeli-Palestinian Conflict using Spaaze.com

Grade Level: post-secondary

Overview	The purpose of this lesson is for students to practice their presentation skills as well as gather information from the web, other resources and from the other students' presentations.
Objective	Students will learn how to use Spaaze, and they will use it to gather information for a presentation. They will also practice their presentation skills and learn about the Israeli-Palestinian conflict.
Materials	Computers (preferably laptops) Internet access Projector
Procedure	<ol style="list-style-type: none"><li>1. Teacher will inform students that they will do a presentation on the Israeli-Palestinian conflict and that they will use Spaaze as support for their presentation. The students will also be divided into groups of three or four.</li><li>2. Teacher will show the students how Spaaze works and help the students set up an account.</li><li>3. The students are then free to find information and gather it on their Spaaze account for their presentation.</li><li>4. The following lesson (two if needed) the students will perform their presentations, about fifteen minutes each, using Spaaze to show short video clips or notes that can support their presentation</li></ol>
Evaluation	The students will be evaluated on their presentation.
