# Novels

**Grade level:** College

<table>
<thead>
<tr>
<th><strong>Overview</strong></th>
<th>For this activity, the students will demonstrate their knowledge about a book they were to read by creating a chart of the themes in the story.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Objective</strong></td>
<td>The students will be create a chart indentifying the themes of the story with 100% accuracy.</td>
</tr>
<tr>
<td><strong>Standards</strong></td>
<td>- Depend on the students major and college.</td>
</tr>
</tbody>
</table>
| **Materials** | - Computers  
- A novel |
| **Procedure** | 1. As a class discuss the novel and the key concepts within the text.  
2. Then have the students login to Creaza or create an account.  
3. Have them go into Mindimo and create a chart of the themes of the story and how they are supported within the text.  
4. Once they have completed the assignment, have the students print off their charts. |
| **Evaluation** | - Did the students identify valid themes within the book?  
- Did the students support their themes? |
