| Standards: | GHW.1 (Indiana Department of Education’s Standards and Resources)  
- **Social Studies (Geography/History of the World):** Students will examine the physical and human geographic factor associated with the origin and development of culture hearths in various regions of the world. |
| Materials: | • Computer  
• Edmodo site  
• Pearson myWorld Geography page  
• Any other sources used to write evaluation |
| Background Information: | • No background information needed |
| Procedure: | 1. Each class, the teacher will go through one video that explains a different part of the world  
2. After watching and discussing the video, each student must post 8 discussion posts before the next class on the Edmodo discussion page  
   a. At least 4 must be comments on other classmate’s posts  
3. If possible, set up a discussion board with students from the different... |
countries discussed
   a. Have students interact through Edmodo as well as other applications with these students
4. Repeat for all videos
5. After all of the videos are completed, the teacher will have each student write an evaluation of their experience and what they learned and site specific examples
   a. Must be at least 7 pages long
6. Post paper on Edmodo and discuss

| Evaluation: | • Whether or not each student participated in discussion (correct amount each day, good comments that helped with the discussion) and the evaluation paper |
