Viewing wiki history

Step 1
- Access your wiki by clicking Course Content in the main menu, then clicking on your wiki.
- On the right side of the screen you will see About This Wiki. Below that will be the wiki’s name with an arrow icon beside it. Click the arrow icon, then click History.

Step 2
- Clicking on an individual version will show you what the wiki looked like at that version.
- Author will show you who made the changes shown in a version.
- Checking multiple versions and clicking the Compare Versions button will highlight changes between versions.
