| Procedures| 1. After students have read *Wuthering Heights*, review its plot and major characters with the class. You may choose to ask students to summarize each chapter. Write the names of characters on the board as they are introduced. When each chapter has been summarized, ask the class to brainstorm words and phrases that describe the characters.

4. Have student groups develop a unit based on their theme. Each should begin with an overview of the theme; answers to the questions above should suffice. Each unit will also include a creative or visual presentation, such as posters or drawings, a reenactment of a scene, or a presentation of modern parallels. The groups should prepare questions that will encourage the class to participate in a discussion.

5. Have each group create visuals and post pictures of these on Flickr.
