

Wikia in Post-Secondary Education

Spanish Grammar

College freshman-sophomore

Objective	To write an explanation about a Spanish grammar topic to show proficiency
Materials	Teacher needs: Computers with internet access, project rubric Student needs: Computers with internet access, Spanish text books
Note to teacher	<ul style="list-style-type: none">• Divide up Spanish grammar topics from the Spanish text book (current or previous topics).• Reserve computer lab or media center.• Create a rubric for how the presentations will be graded• The lesson should include a list of any conjugations, situations/cases that this grammar is used, irregular cases, and examples of how it is used.• It may be helpful to have student write their response in a Word document and then paste it onto the wiki page.• Make sure students know to include their name in their posting.
Procedure	<ol style="list-style-type: none">1. Have class meet in the reserved computer lab.2. Have students divide into pairs.3. Assign each group a grammar topic, as previously divided.4. Direct students to the Wikia website.5. Have students create a user account so they can edit the webpage.6. Direct students specifically to [http://learnanylanguage.wikia.com/wiki/Spanish#Grammar].7. Show/tell the students how and where to edit the page.8. Have students prepare a lesson about their grammar topic.
Evaluation	Students will receive full credit for writing and posting a Spanish grammar lesson on the "Learn Any Language" Wiki before the deadline. The lesson should include conjugations, cases it is used, irregular cases, and examples.
