

Wikia in Post-Secondary Education

Creating a Lesson Plan

College Sophomore - Junior

Objective	To learn how to create a lesson plan on Wikia
Materials	<ul style="list-style-type: none">• Computer• PowerPoint• Screen
Note to teachers	Show a PowerPoint on the creation of a Wikia, and have the students develop an age appropriate lesson plan.
Procedure:	<ol style="list-style-type: none">1. Teach students how to use Wikia2. Have the students pick a grade level in which they'd like to make a lesson plan for3. Have them make a lesson plan4. Have them make a presentation over their lesson plan5. Have students present their lesson plan on the wiki
Evaluation:	Based on whether their lesson plan was clearly written and plausible.
