

American Culture

<p>Materials</p>	<ul style="list-style-type: none"> ● Computers with internet access ● Overhead projector ● History book
<p>Objectives</p>	<ul style="list-style-type: none"> ● Students will identify differing social groups within a culture. ● Students will empathize with the challenges faced by specific social groups. ● Students will comprehend complex concepts which impact particular social groups.
<p>Procedures</p>	<ul style="list-style-type: none"> ● Students must be educated about the different minorities in America. They should be split into groups and given one of the following cultures to analyze and present over in class: African American, Latin American, Native American, or Asian American. ● Students will be expected to discuss the hardships that face these groups and give some insight into how they think these minorities are impacted by our “American” culture. ● With a proper visual aid, students will present their knowledge to the class. A valid discussion should demonstrate a strong understanding of “Americanization.” <p>Note to the teachers (incorporating Google Presenter):</p> <ul style="list-style-type: none"> ● The students could use Google Presenter in an effective by compiling their information onto a Google Presenter slideshow. If you use a presentation program other than Google Presenter, upload your presentation to Google Presenter; this allows other users to see the student’s projects and/or the class to review the PowerPoint later.
<p>Evaluation</p>	<ul style="list-style-type: none"> ● Teacher will grade groups based on use of Google Presenter and overall presentation in the following ways: <ul style="list-style-type: none"> ○ At least 10 Slides Total (Including Title Slide) - 10 points ○ Incorporate at least 3 graphics (pictures, charts, etc.) - 5 points ○ Presentation covers all topics given concerning their assigned minority - 10 points ○ Group shows obvious proof that presentation was practiced and learned how to use Google Presenter - 15 points ○ Total - 40 points
