Scribd was created to provide an effective and useful web tool for writers to fulfill their self-expression and to learn and be inspired. It allows users to publish, discover and discuss original writings and documents.

The unique thing about Scribd is that it is a social publishing site where people are able to create word documents or powerpoints and post them right on the internet. You can even publish a paper, powerpoint, or lesson plans while allowing it to be viewed by the public.

Team Scribd: Joel Reinhard, Jeff Cobb, Sarah Schutter, Katie Lutz, Drew Sheppard, Grant Henry, Brandon Kresca, Cathy Billingham, Erin Bilesner, Adam Burton, Asher Burton

50 million readers, 50,000 new writings & documents uploaded daily
