

## Lesson Plan 2: Food Science

<i>Objective:</i>	To learn how to follow a complex recipe and to document each part of the procedure.
<i>Overview:</i>	In groups of two, will be given a recipe to make, and will have to document each step of the procedure. They will then use BubbleShare to upload, arrange, and share photos. Each group of students must then write a 2 page report on the project.
<i>Materials:</i>	<ul style="list-style-type: none"><li>• Recipe</li><li>• Ingredients for recipe</li><li>• Digital Camera</li><li>• Computer</li><li>• BubbleShare account</li></ul>
<i>Procedure:</i>	<ol style="list-style-type: none"><li>1. Divide students into groups of 2</li><li>2. Students will take turns following each step of the recipe and taking photos of the procedure</li><li>3. Students will upload photos onto a computer</li><li>4. Students will create a BubbleShare account</li><li>5. Students will organize photos chronologically, showing each step of making the food.</li><li>6. Students will write a 2 page report, discussing what worked best in their following the recipe and what kinds of problems they might have faced, as well as their overall satisfaction or dissatisfaction with their project.</li></ol>
<i>Evaluation:</i>	Each student will be graded based on having documented each step of the food-making procedure and organizing the photos in a clear and creative way.
