

Elementary Education

Primary Colors

Grade: K-2

Objective	After completion of this activity, students will: <ul style="list-style-type: none">* Have a better understanding of primary colors* Know what primary colors go together to make orange, purple, and green
Overview	The purpose of this activity is to create a concept of primary colors and their functions.
Materials	<ul style="list-style-type: none">* Computer* Webcam* Projector
Procedures	<ol style="list-style-type: none">1. Before beginning this activity, students will have familiarized themselves with the primary colors.2. Students will hypothesize as to which colors makes what (primary colors only).3. Students will sit in front of a projector and watch someone else mix the primary colors to create new colors via webcam.4. Students will see the outcome and compare to hypothesis.
Grading	There will be a project at the end where students will have to take the three primary colors and create orange, purple, and yellow. This will be done with color paints.
