

Lesson Plan for Using Prezi to Create a Presentation on Favorite Basketball Player

Overview	Technology plays an essential role in education and new technologies are being created constantly. An up and rising application on the Internet is Prezi, which allows users to create presentations online. It is important for young students to become fluent in technologies so they will be comfortable using them in the future.
Objectives	After completing this lesson, fifth-grade students will be familiar with creating presentations on the online application, Prezi.
Standards	6.03- Applies technology to assigned coursework 8.07- Uses critical thinking to create a project
Materials	Computer Lab, Internet Access
Procedure	<ol style="list-style-type: none"> 1. Before starting the lesson, have students brainstorm ideas about who their favorite basketball player is. 2. Take students to a computer lab so they can create a presentation about their player. 3. Tell them to get on the internet and go to prezi.com 4. Do a brief overview of the website so students will know how to operate the application. 5. Then, tell the students to create a presentation that tells the life story of their favorite basketball player 6. Have the students include pictures and use various fonts and colors.
Evaluation	Students will be evaluated based on the quality of their presentation.
